

SUPERFAN

**INTERACTIVE
EXPERIENCE**

BRAINSTORM

come up with three different ideas of themes + interactive features

Idea 1: FNAF(Five Nights At Freddy's)

Theme

Explaining the basic lore of FNAF on home page and then when you click on a certain animatronic it tells you the back story.

Interactive JS Feature #1

Starts with title screen, then when clicked main 2 animatronic appear on sides. When click 3-5 second catchphrase is said

Interactive JS Feature #2

Arrow will be on top and will switch to the other 2 animatronic will appear on the side and also say their catchphrase when clicked

Interactive JS Feature #3

When either of them are clicked again, the jumpscare animation sound will play

Idea 2: USC Trojans

Theme

When its clicked will give a descriptive summary of who they were and what they achieved at USC.

Interactive JS Feature #1

When clicked, the webpage will flip to a mini summary of who they are

Interactive JS Feature #2

A video/clip of the player will play

Interactive JS Feature #3

A different picture of them will appear

Idea 3: Fortnite

Theme

Show the different guns in fortnite and some parts of the lore of the game.

Interactive JS Feature #1

Each season (2-5) that's clicked shows the lore of what happens

Interactive JS Feature #2

The trailer for that season will play.

Interactive JS Feature #3

When mapped is clicked, a different map from a different chapter appears

EVALUATE

think about the good and bad for each idea then choose one

PHASE 1

Evaluate + Choose Your Idea

	Pros	Cons
Idea 1: FNAF	-Most knowledgeable - Funniest concept	- Concept of game is pretty dark - Jumpscare might frighten people
Idea 2: USC Trojans	-Passionate - Has an obvious color scheme	-Broader topic -Might be uninteresting to some people
Idea 3: Fortnite	- Fun concept - More creative freedom/ideas	- Also broad - Violent game

CONTENT

gather and edit essential content for your site

PHASE 2

Save images on your computer or in your Google Drive to maximize quality!

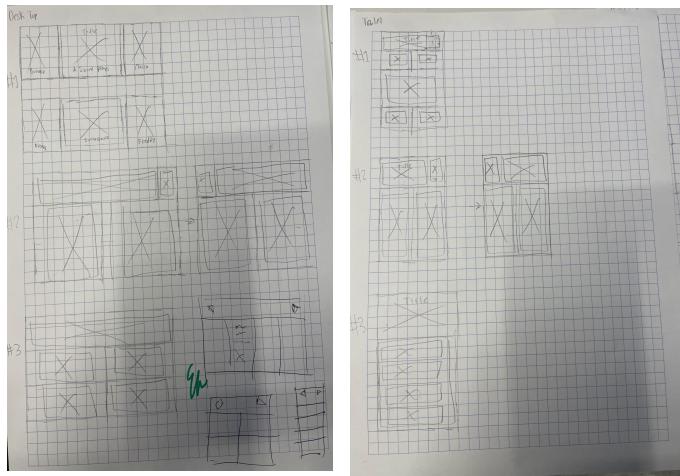

You want to see the exact shapes of your images to help understand the best possible layouts!

DESIGN

create three possible responsive designs for your chosen idea

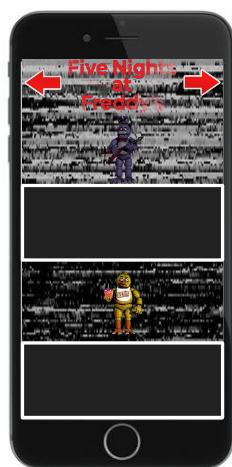

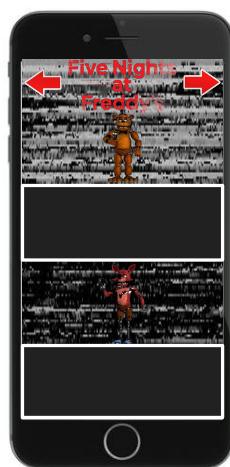

PHASE 3

MOCKUP

choose your final layout and create a digital mockup

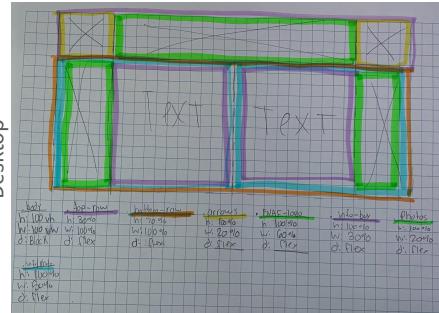

PHASE 4

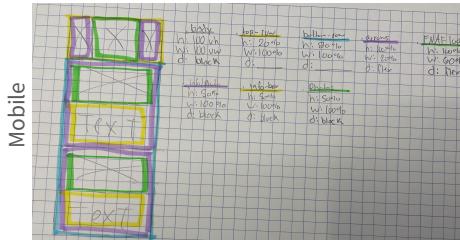

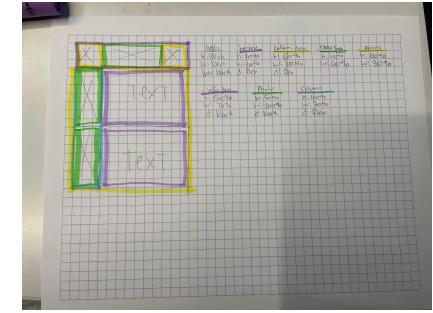

ANNOTATE

add explanations, colors, percentages, and display properties + draw your dom

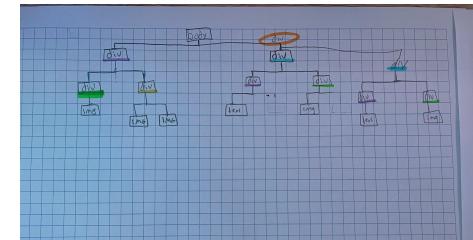

PHASE 5

Tablet

DOM

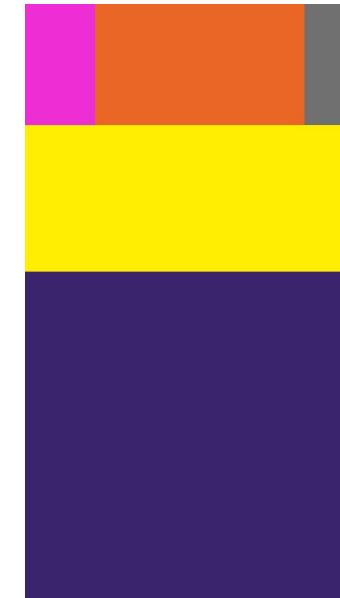

BUILD

create your desktop divs using html and css then make it responsive

PHASE 6

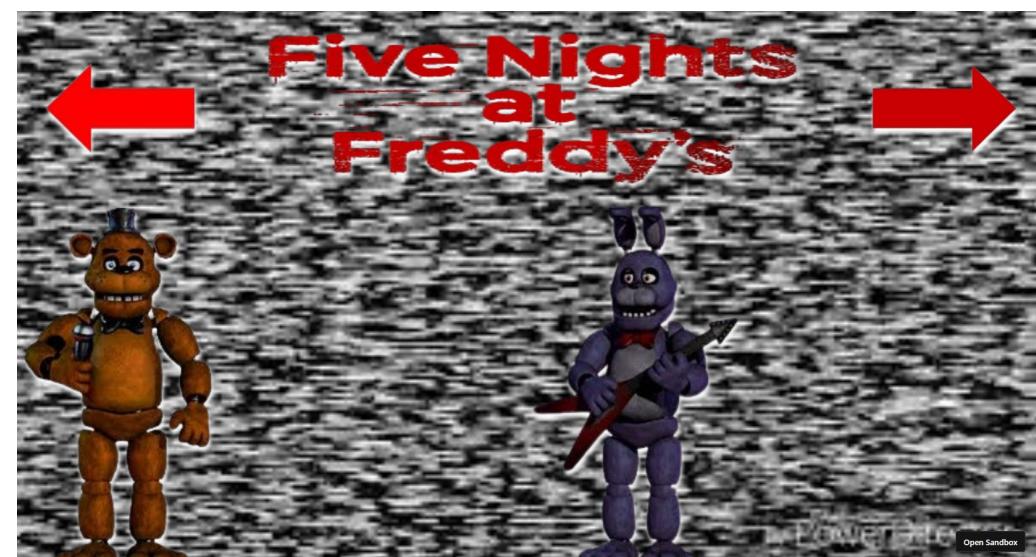

CONTENT

insert all images and text into your site

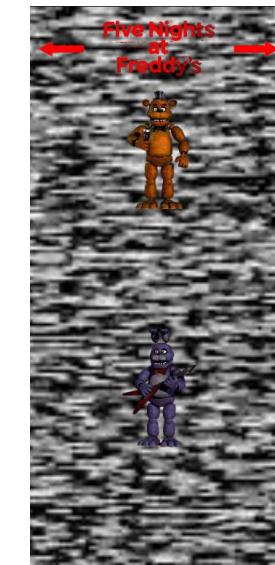

PHASE 7

```

0 index.html > <html> > <body> > <div> top-row > <div> arrows
1   <div class="top-row">
2     <div class="arrows">
3       
4     </div>
5     <div class="FNAF-logo center-content">
6       
10    </div>
11    <div class="arrows">
12      
16    </div>
17  </div>
18  <div class="bottom-row">
19    <div class="info-photo1">
20      <div class="photos">
21        
26      </div>
27    </div>
28  </div>
29  <div class="info-box">
30    <p class="hide" id="text1">
31      Freddy Fazbear is the main character for the Five Nights at Freddy's
32      franchise (hence the name). Freddy is an animatronic bear and the
33      star attraction of the original Freddy Fazbear's Pizza, opened in
34      1983, as well as the face and namesake of the company that owns it.
35    </p>
36  </div>
37</div>

```

JAVASCRIPT

add behavior to your page by inserting two pieces of javascript

PHASE 8

ENHANCE UX

add in effects when the user hovers and clicks to make the page intuitive and fun

PHASE 9

TEST + ITERATE

get feedback from users then make revisions to your user interface

PHASE 10
